

JUNIOR - MEDIOR

REACT / ANGULAR DEVELOPER (M/F)

O2XP is looking for new colleagues for its teams of motivated and innovative Engineers.

You are autonomous, creative and productive. You communicate in English (French or German an asset). You love what you do and you share ideas with your colleagues. You are at the right place!

Typical Tasks / Responsibilities

- Analyze, design, develop, test and maintain IT applications;
- Produce technical and functional specifications of existing and/or new applications/services;
- Interact/cooperate with teams across multiple locations (functional, development and testing teams);

Required skills

- Good/Strong technical expertise in React and/or Angular, Redux, REST/JSON;
- Know the different web-browsers (mobile & desktop);
- Capacity to quickly understand and enhance existing applications;
- Good understanding of Messaging (JMS, OMQ, AMQ, ...) and Service Oriented Architecture (SOA) concepts;
- Ability to work in a team distributed across multiple locations;

Nice to have

- Information technology in the banking and insurance domains;
- Master common security issues (OWASP Top 10);
- Good technical expertise in Java 8, JEE (JPA, REST, EJB, ...), Spring, Spring Boot, SQL and Linux;
- Enterprise Service Bus; Apache Camel;
- Layered service architecture;
- Experience in UML-based analysis techniques (Enterprise Architect);

WHAT ABOUT YOUR NEXT STEP ?

WHAT WE OFFER

SERVICES & EXPERTISE

We offer you expertise in **Open Source** frameworks, tools and libraries. O2XP is **oxygen** for your **business**. What about your next step?

DEVELOPMENT

Api? Api Gateway?
 Micro-services?
 Serverless
 development? Java?
 C#/.Net? Angular?
 React? UX (User
 Experiences)? Let's get
 in touch. We have a
 solution for you.

INTEGRATION

You need to integrate
 your existing solutions?
 You need to
 communicate with
 other data providers?
 We have lots of
 expertise in these fields
 using Open Source tools
 and libraries.

DEVOPS, AGILE, AUTOMATISATION

Our daily work in on the
 field. We are using the
 customer tools and
 procedures. We can help
 you to improve the
 processes (CI/CD).

CLOUD (AWS, AZURE)

So much to say there.
 From Lambda
 development to Ansible
 deployment and the
 use of Kubernetes (+
 Docker) passing by
 Kong Api Gateway or
 AWS Api Gateway.

OUR MINDSET

DNA

Young company, mix of youth and experiences, flat structure, tribe spirit where colleagues are human being.

DAY 1 COMPANY

We are a Day 1
 Company. Every day is a
 new day where
 experimenting,
 inventing and
 innovating is the norm.
 We help our customers
 through innovation.

LEARN IT ALL

We have a 'learn it all'
 culture where we
 practice the 4C
 leadership (creating,
 collaborating, changing
 and challenging).

INTELLIGENT FAILURE

We embrace intelligent
 failure where 'fail fast,
 fail cheap and move on'
 is a good rule for us and
 for our customers.

TRUST

We trust our colleagues.
 We built the future with
 young and experienced
 people. Our customers
 embrace our dynamism,
 culture of innovation and
 share our successes.
